

THE WEDDING PROFESSIONAL'S OPPORTUNITY TO SHINE!

This year, The After "I Do" Sale will be giving YOU, our talented local Wedding Professional's, the chance to get creative and showcase your business! While the main focus of our event is the bride – to – bride resale aspect, we had many in attendance that still used the products and services provided by the local vendor of their choice.

WHAT IS A SNAPSHOT? A "Snapshot" is a 15' x 15' Themed wedding display equipped with all the aspects of a wedding! The purpose is to give the brides in attendance an opportunity to see what the wedding professionals in the area can provide for their picture perfect wedding day, without the monotony of a typical bridal show. Want to know the best part? You don't have to be there if you don't want to be! Leave your business card attached to the item you provided and come back later to pick it up or stay and enjoy the sale and talk about your business!

THE SNAPSHOT THEMES: "Picked Me a Peach" | "The Kiss" | "You're the Gin to my Tonic"

"HUH??" All snapshot themes have a general idea to them but we still want your creativity to shine through! Ask to see one of our Snapshot Style Boards for further information. General design guidelines are as follows:

Picked me a Peach: Southern charm with a twist – dusty blue with hints of light peach, crystal glass, simple script font and a naked cake!

The Kiss: The famous soldier/nurse kiss brought to life – navy blues, deep reds and ivory, pin-up hair, red lips and plenty of vintage flair!

You're the Gin to my Tonic: The perfect drink – and inspiration for any contemporary bride– a mainly white color palette with clean lines and bold glass accents!
